RE: Pierson's Creek Superfund Site
Request for Information Pursuant to 42 U.S.C. §§ 9601-9675

Dear Sir/Madam:

This letter seeks your cooperation in providing information relating to the City of Newark and the contamination of the Pierson's Creek Superfund Site ("Site") located in Newark, New Jersey. We encourage you to give this matter your immediate attention. We request that you provide a complete and truthful response to the attached Request for Information **within 30 business days** of your receipt of this letter.

The United States Environmental Protection Agency ("EPA") is investigating the presence of hazardous substances located at the Site, including hazardous substances that are or were discharged into Pierson's Creek. EPA has documented the release or threatened release of hazardous substances, pollutants and contaminants at the Site. Under Section 104(e)(2) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 ("CERCLA"), as amended, 42 U.S.C. § 9604(e)(2), EPA has broad information gathering authority. EPA is seeking to obtain information concerning the City of Newark and the work it has conducted with respect to Pierson's Creek which originates in the vicinity of Avenue L, flows in a generally southern direction and eventually discharges into Port Newark. EPA believes that you might possess information which may assist EPA in its investigation of the
